

Telebiz - Emeet -UC portable speakerphone & wireless with big audio performance for conference calls

Turn any workspace into an instant conference room. Telebiz Emmet T2 is a portable speakerphone **and the first AI speakerphone in the world**. It is compact and portable and fits easily inside your briefcase, wherever you're going.

Speakerphone T2 lets you instantly connect and start a video or audio conference via 3.5mm analog audio, Bluetooth or USB. When you need to take a call at home, in a busy office, or in a hotel room on the road, the speakerphone T2 provides long battery life up to 12 hours of talk time. Noise-cancelling microphone array and speaker offer clear sound on both ends of the call.

Set up is a snap, just connect your mobile phone, tablet or personal computer to the speakerphone T2 by using Bluetooth®, or the attached Aux cable, USB cable.

With advanced technology, such as VoicelA™ Algorithm, Acoustic Echo Canceller and Noise Reduction, the speakerphone T2 make sounds much more clearly, and provides a perfect meeting experience.

TOP FEATURES

Crystal-clear sound with full duplex

Rich crystal clear HD audio thanks to the sound technology VoicelA™ audio algorithm.

360° room coverage, up to 12 people

With 4 AI high performing Omni-directional microphone array, T2 picks up 360° sound.

Omni sound provides perfect communication, and you can talk to others in any direction.

Easy to use

Plug-and-play connectivity to PC Softphone/UC systems with USB cable/AUX cable. Easy Bluetooth connectivity to smartphones and tablets. With a Bluetooth dongle, turn your PC into a device with Bluetooth, and Bluetooth range is up to 100 feet / 30 meters.

Exclusive portable design

Be mobile with a lightweight design, protective travel pouch and 12 hours battery life.

Works with

SPECIFICATIONS T2

SPECIFICATION	SIZE	125*125*35MM/ 290G
	Weight	290 g/10.2 oz
	Loudspeaker	3W*1/ 84dB (Powerful sound) Frequency response: 80 Hz to 20 kHz Support wideband speech and HIFI audio
	Microphone	4 Microphone Array with AI algorithm Frequency response: 100 Hz to 10 kHz Supports wideband and narrowband speech
	Talk times	12 hours
